

DAIRY RANGE

# EasyDairy® Cubes

EasyDairy® is a nutritionally balanced 9mm cube designed for supplementing dairy heifers. EasyDairy® is suitable for non lactating cows and can also be fed as part of a lactating cow's ration.

## Features

Nutritionally balanced ration

## Benefits

> Meets the protein, energy and mineral requirements for optimum growth and feed conversion

High energy

> Rapid weight gain and efficient feed conversion

Contains Rumensin® (monensin sodium)

> Improves feed conversion efficiency and aids in the prevention of coccidiosis  
> Growth stimulant

Quality assured vitamin/trace mineral premix

> Provides the essential vitamins and minerals to meet nutritional needs

Faster adaptation period

> Cattle can be fed ad lib from Day 1

Pelleted Feed

> Reduces dust and wastage

No ingredient separation

> Even nutrient blend received by each animal

Least cost formulation

> Better value for your feed dollar - c/kg Lwt gain

Raw material receival standards

> High quality and safety of ingredients for quality assurance

## NUTRITIONAL ANALYSIS

Nutrients	Dry matter basis
Crude Protein (min)	14.5%
Metabolisable Energy (est)	11.0 MJ/kg
Crude Fibre (max)	20.0%
Urea (max)	1.5%
Monensin	26.6ppm

## INGREDIENTS

Lupins, barley, oats, wheat, triticale, cereal byproducts, cereal straw, limesand, urea, dicalcium phosphate, vitamin/trace mineral premix, monensin sodium.

## FEEDING DIRECTIONS

EasyDairy® can be fed ad lib in self-feeders or in troughs from Day 1. Although EasyDairy is a safe ration, it is recommended that cattle have unrestricted access to hay during the initial 10 days of feeding. Once the cattle have reached the expected daily intake of cubes, hay can be restricted or removed.

Ensure that clean, fresh water is available at all times.
