

SHEEP RANGE

EasyWay®

EasyWay® is a safe, palatable, cost effective 9mm pellet, designed to be fed as a maintenance ration for sheep. It is a high fibre ration which will maintain body condition of mature sheep.

Features

Benefits

Reduces wastage

- > Pelleted ration reduces feed wastage associated with feeding hay

Pelleted feed

- > A robust and durable pellet for consistency and convenience, without risk of weed seeds

Easy to feed

- > 9mm pellet can be trail fed or delivered into self-feeders or troughs.

High fibre

- > No risk of acidosis and maintains a healthy rumen

Maintenance energy and protein levels

- > Maintains live weight and body condition score of mature sheep

No ingredient separation

- > Even nutrient blend received by each sheep

Easy to store

- > Can be stored in sheds, silos or bunkers

Quality assured vitamin/trace mineral premix

- > Provides vitamins and trace minerals to meet the maintenance requirements of sheep

Raw material receival standards

- > High quality and safe ingredients for quality assurance

NUTRITIONAL ANALYSIS

Nutrients	Dry matter basis
Crude Protein (min)	8%
Metabolisable Energy (est)	9.0MJ/kg
Crude Fibre (max)	36%
Vitamin E (added)	50mg/kg
Natural Essential Oil	90mg/kg

INGREDIENT SELECTION

Cereal straw, cereal by-products, lupins, dicalcium phosphate, bentonite, limesand, lime, vitamin/trace mineral premix, micro-encapsulated natural essential oil blend.

FEEDING DIRECTIONS
