

DAIRY RANGE

# Sustain Pellets

Sustain is a nutritionally balanced high energy and medium protein ration, designed to be fed to high producing dairy cows on moderate quality pasture.

## Features

## Benefits

Nutritionally balanced ration	> Meets the demands of high producing dairy cows
High energy density ration	> Increased milk production and quality
16% protein ration	> To balance pasture of moderate quality - greater than 14% protein
Quality assured vitamin/trace mineral premix	> Provides the essential vitamins and minerals to meet nutritional needs and improve reproductive performance
Molasses added	> Highly palatable
Pelleted feed	> Reduces dust and prevents wastage
No ingredient separation	> Even nutrient blend received by each cow
Raw material receival standards	> High quality and safety of ingredients for quality assurance
Least cost formulation	> Better value for your feed dollar

## NUTRITIONAL ANALYSIS

Nutrients	Dry matter basis
Crude Protein (min)	16.0%
Metabolisable Energy (est)	12.5 MJ/kg
Added Salt (max)	1.0%
Urea (max)	1.0%
Calcium (min)	1.0%
Phosphorus (min)	0.5%

## INGREDIENT SELECTION

Lupins, barley, oats, wheat, cereal byproducts, limesand, dicalcium phosphate, molasses, salt, vitamin/trace mineral premix.

## FEEDING DIRECTIONS

Sustain is designed to be fed to dairy cows in all stages of lactation, to supplement moderate quality pasture. This ration can also be fed to replacement heifers.

Sustain can be fed in a bail or as part of a total mixed ration (TMR). The quantity fed should be adjusted according to the cow's production and body condition.
