

POULTRY RANGE

Chick Crumble

Chick Crumble is a nutritionally balanced crumble designed to be fed to chicks from day old to 6 weeks of age to meet the demands of growth.

Features

Benefits

Nutritionally balanced ration	> Meets the protein, energy and mineral requirements for growth
Coccidiostat added	> Aids in the prevention of coccidiosis
Quality assured vitamin/trace mineral premix	> Provides vitamins and minerals to meet the nutritional needs of growing birds
Crumbled feed	> Prevents selective feeding, reduces dust and wastage and reduces the risk of bacterial contamination
No ingredient separation	> Even nutrient blend received by each bird
Raw material receival standards	> High quality and safety of ingredients for quality assurance
Least cost formulation	> Better value for your feeding dollar

NUTRITIONAL ANALYSIS

Nutrients	As fed basis
Crude Protein (min)	18.0%
Metabolisable Energy (min)	2750 kcal/kg
Added Salt (max)	0.20%
Calcium (min)	1.00%
Available Phosphorus (min)	0.42%
